To Whom It May Concern:

I would like to take this opportunity to offer a formal letter of recommendation for Filippo Vaccari.

Filippo joined the SKY Italia Promotions Department as a as full time free-lance Senior Broadcast Designer about a year ago. During this time, he demonstrated extraordinary talent and a fresh and innovative approach for both complex projects and simple but effective campaigns. Filippo's quality work helped to define essential Sky brands like SKY Sports, SKY Cinema, SKY Entertainment and SKY News.

Filippo is a team player and he is able to work under tight deadlines. Many of his co-workers seek his advice and support both for creative and technical issues.

I highly recommend Filippo Vaccari for employment as he would be a great asset to any organization. I feel confident that he will build a successful career in America as he did in Europe.

Sincerely,

Alvaro Krupkin
Vice President Creative Services
